TB Corrections Toolkit **Author:** Southeastern National Tuberculosis Center

Publication Date: 2015

Format: Online Resource

Physical Description: Website

Language: English

Abstract:

This online resource provides a variety of tools to assist corrections staff and public health TB programs who work with correctional facilities in TB control efforts. These tools may be downloaded and modified to meet the specific needs of each site. The site contains a large compilation of modifiable forms and templates, archived webinar training, and various written, video and online resources to support TB work within correctional facilities. Topics include TB screening, case management, contact investigation, environmental controls, release planning, legal resources, program evaluation training, and general information. Technical assistance is available through SNTC.
